

**Blastfax**

**Additional Information from the Georgia VFC Program Regarding 2015-16 Influenza Vaccine Ordering**

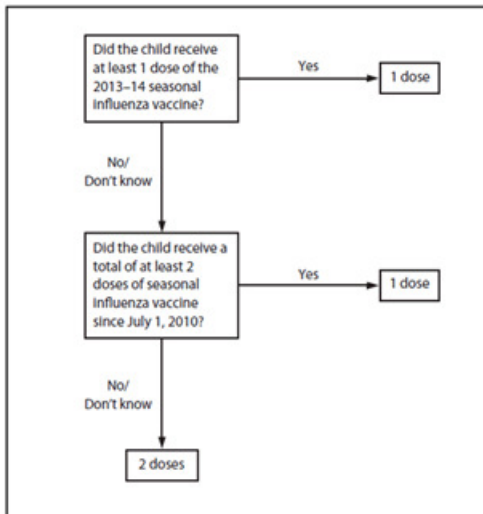

*(Below is a follow up message from the Georgia VFC Program regarding the 2015 influenza vaccine pre-book survey. Please note that the VFC Program will not accept hand written requests. All request must be submitted through the survey tool. Any faxed or e-mailed pre-book requests for the 2015-16 season will be discarded. Also, please see the Chapter blastfax of January 26, 2015 for additional information.)*

The forwarded information below and the attachment will be distributed to VFC providers before COB today (January 28, 2015). The actual pre-book link was released late Monday afternoon. This information has been provided for VFC providers to assist them with developing their flu estimates for the 2015-16 flu season. The PDF is a copy of the survey questions, and the algorithm will help them decide how many doses to order for their 6 months – 8 year old patient population based on ACIP and CDC recommendations.

**VERY IMPORTANT\*\*\*** We will not accept hand written request. All request must be submitted through the survey tool. Any faxed or e-mailed pre-book requests for the 2015-16 season will be discarded.

Note: One attachment is for Private Providers (does not contain SBF pre-book section) and the other is for Public Health clinics (contains SBF pre-book section).

**Influenza vaccine dosing algorithm for children aged 6 months through 8 years**

For questions or concerns regarding this blastfax or any other immunization information, please contact the Chapter's Immunization Coordinator, Mike Chaney at (404) 881-5094 or [mchaney@gaaap.org](mailto:mchaney@gaaap.org)
