Estimated Time to Complete: Less than 5 minutes

**Please Reply by: January 21, 2016**

Dear Colleague:

The Georgia AAP is cooperating with Dr. Andrea Ali-Panzarella, who is a Fellow in Child Abuse Pediatrics at Emory University, in conducting a survey of pediatricians about their perspective of child abuse anticipatory guidance.

We invite you to take this brief survey (see link below) as this will provide us useful information in this very important aspect of pediatric care. Once completed, we will share the results with you. Thank you.
